Stork Club is an intensive outpatient treatment program for women who are using drugs (including alcohol) and are: **pregnant**, or.....**have just given birth**, or.....**have a child under 18**.

The Stork Club has been located on the grounds at Harbor-UCLA Medical Center since 1990 and is part of the Perinatal Services Network of Los Angeles County. Service costs are based on the client's ability to pay and are provided **free of charge** to the majority of clients served.

### ***Stork Club is unique because it is:***

- The most **comprehensive day-treatment** center in the Harbor/South Bay area serving pregnant and/or parenting women with multiple addictions.
- An innovative, effective program combining treatment and therapeutic child care at the same location.
- Woman-sensitive, multi-ethnically staffed.
- Focused on family life, with **child care for infants and children under four**, an intensive parenting focus, and six-hour sessions enabling mothers to be home when older children leave for and return from school.
- A facility with centralized services, minimizing the need for travel.
- On-site case management services that assist our clients in tapping into a variety of resources.

### ***The Stork Club program includes:***

- individual and group counseling
- self and child advocacy skills
- therapeutic child care by staff trained to understand and meet the needs of drug-exposed children
